RE: Contract Amendment- Call Box Cellular Service Provider – Verizon Wireless

MTC SAFE competitively procured a cellular service provider in 2005. Verizon Wireless has since provided digital cellular service to the MTC SAFE system of approximately 2,200 call boxes at a cost of \$225,000/fiscal year. The agreement is due to expire on June 30, 2011 and staff recommends extending the current agreement from July 1, 2011 until June 30, 2012 for an amount not to exceed \$225,000. This is the second of five one-year extensions allowed in the original procurement.

### **Recommendation**

Staff recommends that this Committee authorize the Executive Director or his designee to negotiate and enter into a contract amendment for call box cellular service with Verizon Wireless in an amount not to exceed \$225,000 for FY 2011-12, subject to the adoption of the FY 2011-12 SAFE budget.
